About Swvl

Swvl is a global provider of transformative tech-enabled mass transit solutions, offering intercity, intracity, B2B, and B2G transportation across > 20 countries. The Company's platform provides complimentary semi-private alternatives to public transportation for individuals who cannot access or afford private options. Every day, Swvl's parallel mass transit systems are empowering individuals to go where they want, when they want – making mobility safer, more efficient, accessible, and environmentally friendly. Customers can book their rides on an easy-to-use proprietary app with varied payment options and 24 / 7 access to high-quality private buses and vans.

Swvl was co-founded by Mostafa Kandil, who began his career at Rocket Internet, where he launched the car sales platform Carmudi in the Philippines, which became the largest car classifieds company in the country in just six months. He then served as Rocket Internet's Head of Operations. In 2016, Kandil joined Careem, a ride-sharing company and the first unicorn in the Middle East. He supported the platform's expansion into multiple new markets.
